Independent Auditor's Report

To the Members of Paras Healthcare Limited (formerly known as Paras Healthcare Private Limited)

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of Paras Healthcare Limited (formerly known as 'Paras Healthcare Private Limited') ('the Company'), which comprise the Standalone Balance Sheet as at 31 March 2025, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Cash Flow and the Standalone Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including material accounting policy information and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the Standalone Financial Statements and Auditor's Report thereon

4. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Walker Chandio & Co LLP

Independent Auditor's Report to the members of Paras Healthcare Limited (formerly known as Paras Healthcare Private Limited) on the standalone financial statements for the year ended 31 March 2025 (cont'd)

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

5. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
6. In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
7. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

8. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.
9. As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible

Walker Chandiook & Co LLP

Independent Auditor's Report to the members of Paras Healthcare Limited (formerly known as Paras Healthcare Private Limited) on the standalone financial statements for the year ended 31 March 2025 (cont'd)

for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
 - Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

11. As required by section 197(16) of the Act, based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.
12. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act we give in the Annexure A a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
13. Further to our comments in Annexure A, as required by section 143(3) of the Act based on our audit, we report, to the extent applicable, that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;
 - b) Except for the matters stated in paragraph 13(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The standalone financial statements dealt with by this report are in agreement with the books of account;
 - d) In our opinion, the aforesaid standalone financial statements comply with Ind AS specified under section 133 of the Act;
 - e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2025 from being appointed as a director in terms of section 164(2) of the Act;
 - f) The qualification relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph 13(b) above on reporting under section 143(3)(b) of the Act and

Walker Chandio & Co LLP

Independent Auditor's Report to the members of Paras Healthcare Limited (formerly known as Paras Healthcare Private Limited) on the standalone financial statements for the year ended 31 March 2025 (cont'd)

paragraph 13(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended);

- g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company as on 31 March 2025 and the operating effectiveness of such controls, refer to our separate report in Annexure B wherein we have expressed an unmodified opinion; and
- h) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company, as detailed in note 34 to the standalone financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2025.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2025;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2025;
 - iv a. The management has represented that, to the best of its knowledge and belief as disclosed in note 49(c) to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any persons or entities, including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;
 - b. The management has represented that, to the best of its knowledge and belief, as disclosed in note 49(d) to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.
 - v. The Company has not declared or paid any dividend during the year ended 31 March 2025.
 - vi. As stated in note 50 to the standalone financial statements and based on our examination which included test checks, except for instances mentioned below, the Company, in respect of financial year commencing on 01 April 2024, has used accounting software for maintaining its books of account which have a feature of recording audit trail (edit log) facility and the same have been operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with, other than the consequential impact of the exceptions given below. Furthermore, other than the consequential impact of the exceptions given below, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Walker Chandiook & Co LLP

Independent Auditor's Report to the members of Paras Healthcare Limited (formerly known as Paras Healthcare Private Limited) on the standalone financial statements for the year ended 31 March 2025 (cont'd)

- The audit trail feature was not enabled at the database level for one accounting software used for maintenance of revenue and inventory records from 01 April 2024 to 12 May 2024.
- The audit trail feature was not enabled at the database level for another accounting software used for maintenance of laboratory records, to log any direct data changes.
- The accounting software used for maintenance of books of account is operated by a third-party software service provider. In the absence of any information on existence of audit trail (edit logs) for any direct changes made at the database level in the 'Independent Service Auditor's Assurance Report on the Description of Controls, their Design and Operating Effectiveness' ('Type 2 report' issued in accordance with ISAE 3402, Assurance Reports on Controls at a Service Organization), we are unable to comment on whether audit trail feature with respect to the database of the said software was enabled and operated throughout the year.
- The accounting software used for maintenance of payroll records is operated by a third-party software service provider. In the absence of any information on existence of audit trail (edit logs) for any direct changes made at the database level in the 'Independent Service Auditor's Assurance Report on the Description of Controls, their Design and Operating Effectiveness' ('Type 2 report' issued in accordance with ISAE 3000 (Revised), Assurance Engagements Other than Audits or Reviews of Historical Financial Information), we are unable to comment on whether audit trail feature with respect to the database of the said software was enabled and operated throughout the year.

Walker Chandiook & Co LLP

Annexure A referred to in paragraph 12 of the Independent Auditor's Report of even date to the members of Paras Healthcare Limited (formerly known as Paras Healthcare Private Limited) on the standalone financial statements for the year ended 31 March 2025

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment, capital work-in-progress, and relevant details of right-of-use assets.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has a regular programme of physical verification of its property, plant and equipment, capital work-in-progress, and relevant details of right-of-use assets under which the assets are physically verified in a phased manner over a period of three years, which in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this programme, certain property, plant and equipment, capital work-in-progress and relevant details of right-of-use assets were verified during the year and no material discrepancies were noticed on such verification.
- (c) The title deeds of all the immovable properties held by the Company (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in note 4 to the standalone financial statements, are held in the name of the Company. For title deeds of immovable properties in the nature of land and building situated at Block C-1, Sector 43, Sushant Lok, Gurugram- 122002 and building situated at Paras Twin Towers, 1st Floor Tower B, Sector 54, Tehsil Wazirabad, Gurugram- 122002 with gross carrying values of Rs 789.86 and Rs 270.04 as at 31 March 2025, which have been mortgaged as security for loans or borrowings taken by the Company, confirmations with respect to title of the Company have been directly obtained by us from the respective lenders.
- (d) The Company has adopted cost model for its Property, Plant and Equipment including right-of-use assets and intangible assets. Accordingly, reporting under clause 3(i)(d) of the Companies (Auditor's Report) Order, 2020 (hereinafter referred to as "the Order") is not applicable to the Company.
- (e) No proceedings have been initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended) and rules made thereunder.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed as compared to book records.
- (b) As disclosed in note 19A to the standalone financial statements, the Company has been sanctioned a working capital limit in excess of INR 50.00 million by banks based on the security of current assets. The quarterly returns/statements, in respect of the working capital limits have been filed by the Company with such banks and such returns/statements are in agreement with the books of account of the Company for the respective periods, which were not subject to audit/review.
- (iii) The Company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans to companies, firms, limited liability partnerships during the year. Further, the Company has granted unsecured loans to companies during the year, in respect of which:

Walker Chandiook & Co LLP

Annexure A referred to in Paragraph 12 of the Independent Auditor's Report of even date to the members of Paras Healthcare Limited (formerly known as Paras Healthcare Private Limited) on the standalone financial statements for the year ended 31 March 2025 (Cont'd)

- (a) The Company has provided loans to Subsidiaries during the year as per details given below:

Particulars	Loans (INR in million)
Aggregate amount provided/granted during the year: Subsidiaries	881.65
Balance outstanding as at balance sheet date: Subsidiaries	2,855.05

- (b) In our opinion, and according to the information and explanations given to us, terms and conditions of the grant of all loans provided are, prima facie, not prejudicial to the interest of the Company. Further the company has not made any investments, given any guarantee, security and advances in the nature of loans during the year.
- (c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated, however they are not due for repayment currently.
- (d) There is no overdue amount in respect of loans granted to such companies.
- (e) The Company has not granted any loans which has fallen due during the year. Further, no fresh loans were granted to any party to settle the overdue loans/advances in nature of loan that existed as at the beginning of the year.
- (f) The Company has not granted any loans, which is repayable on demand or without specifying any terms or period of repayment.
- (iv) In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of section 186 of the Act in respect of loans and investments made and guarantees provided by it, as applicable. Further, the Company has not entered into any transaction covered under section 185 and section 186 of the Act in respect of securities provided by it.
- (v) In our opinion, and according to the information and explanations given to us, the Company has not accepted any deposits or there are no amounts which have been deemed to be deposits within the meaning of sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, reporting under clause 3(v) of the Order is not applicable to the Company.
- (vi) The Central Government has specified maintenance of cost records under sub-section (1) of section 148 of the Act in respect of the business activities of the Company. We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) In our opinion and according to the information and explanations given to us, undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, duty of customs, and other material statutory dues, as applicable, have generally been regularly deposited with the appropriate authorities by the Company, though there have been slight delays in a few cases. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.

Walker Chandiook & Co LLP

Annexure A referred to in Paragraph 12 of the Independent Auditor's Report of even date to the members of Paras Healthcare Limited (formerly known as Paras Healthcare Private Limited) on the standalone financial statements for the year ended 31 March 2025 (Cont'd)

- (b) According to the information and explanations given to us, we report that there are no statutory dues referred in sub-clause (a) which have not been deposited with the appropriate authorities on account of any dispute except for the following:

Name of the statute	Nature of dues	Gross Amount (INR Million)	Amount paid under Protest (INR Million)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Disallowance of certain expenses	4.69	Nil	Assessment Year 2023-2024	Commissioner of Income Tax (Appeals)

- (viii) According to the information and explanations given to us, we report that no transactions were surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961) which have not been previously recorded in the books of accounts.
- (ix) (a) In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of its loans or borrowings or in the payment of interest thereon to any lender.
- (b) According to the information and explanations given to us including representation received from the management of the Company, and on the basis of our audit procedures, we report that the Company has not been declared a willful defaulter by any bank or financial institution or government or any government authority.
- (c) In our opinion and according to the information and explanations given to us, money raised by way of term loans were applied for the purposes for which these were obtained.
- (d) In our opinion and according to the information and explanations given to us, and on an overall examination of the financial statements of the Company, funds raised by the Company on short term basis have not been utilised for long term purposes except for borrowings amounting to INR 366.21 million which has been utilised for capital expenditure.
- (e) In our opinion and according to the information and explanations given to us and on an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, except for the following:

Nature of fund taken	Name of lender	Amount involved (INR Million)	Name of the subsidiary	Nature of transaction for which funds were utilized
Loan from Bank	HDFC Bank	69.23	Plus Medicare Hospitals Private Limited	Capital Expenditure

- (f) In our opinion and according to the information and explanations given to us, the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries.
- (x) (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments), during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable to the Company.

- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private

Walker Chandiook & Co LLP

Annexure A referred to in Paragraph 12 of the Independent Auditor's Report of even date to the members of Paras Healthcare Limited (formerly known as Paras Healthcare Private Limited) on the standalone financial statements for the year ended 31 March 2025 (Cont'd)

placement of shares or (fully, partially or optionally) convertible debentures during the year. Accordingly, reporting under clause 3(x)(b) of the Order is not applicable to the Company.

- (xi) (a) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no fraud on the Company has been noticed or reported during the period covered by our audit.
- (b) According to the information and explanations given to us including the representation made to us by the management of the Company, no report under sub-section 12 of section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014, with the Central Government for the period covered by our audit.
- (c) According to the information and explanations given to us including the representation made to us by the management of the Company, there are no whistle-blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, reporting under clause 3(xii) of the Order is not applicable to the Company.
- (xiii) In our opinion and according to the information and explanations given to us, all transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of the Act, where applicable. Further, the details of such related party transactions have been disclosed in the standalone financial statements, as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified in Companies (Indian Accounting Standards) Rules 2015 as prescribed under section 133 of the Act.
- (xiv)(a) In our opinion and according to the information and explanations given to us, the Company has an internal audit system which is commensurate with the size and nature of its business as required under the provisions of section 138 of the Act.
- (b) We have considered the reports issued by the Internal Auditors of the Company till date for the period under audit.
- (xv) According to the information and explanation given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and accordingly, reporting under clause 3(xv) of the Order with respect to compliance with the provisions of section 192 of the Act are not applicable to the Company.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, reporting under clauses 3(xvi)(a), (b) and (c) of the Order are not applicable to the Company.
- (d) Based on the information and explanations given to us and as represented by the management of the Company, the Group (as defined in Core Investment Companies (Reserve Bank) Directions, 2016) does not have any Core Investment Companies ('CIC').
- (xvii) The Company has not incurred any cash losses in the current financial year as well as the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year. Accordingly, reporting under clause 3(xviii) of the Order is not applicable to the Company.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information in the standalone financial statements, our knowledge of the plans of the Board of Directors and management and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a

Walker Chandiok & Co LLP

Annexure A referred to in Paragraph 12 of the Independent Auditor's Report of even date to the members of Paras Healthcare Limited (formerly known as Paras Healthcare Private Limited) on the standalone financial statements for the year ended 31 March 2025 (Cont'd)

period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- (xx) According to the information and explanations given to us, there are no unspent amounts towards Corporate Social Responsibility in respect of any ongoing or other than ongoing project as at the end of the financial year. Accordingly, reporting under clause 3(xx) of the Order is not applicable to the Company.
- (xxi) The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

Walker ChandioK & Co LLP

Annexure B to the Independent Auditor's Report of even date to the members of Paras Healthcare Limited (formerly known as Paras Healthcare Private Limited) on the standalone financial statements for the year ended 31 March 2025

Independent Auditor's Report on the internal financial controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the standalone financial statements of Paras Healthcare Limited (formerly known as 'Paras Healthcare Private Limited') ('the Company') as at and for the year ended 31 March 2025, we have audited the internal financial controls with reference to financial statements of the Company as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists; and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Walker Chandiok & Co LLP

Annexure B to the Independent Auditor's Report of even date to the members of Paras Healthcare Limited (formerly known as Paras Healthcare Private Limited) on the standalone financial statements for the year ended 31 March 2025 (cont'd)

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

1. Corporate Information

Paras Healthcare Limited (formerly known as Paras Healthcare Private Limited) ('the Company') is a company domiciled in India, with its registered office situated at 1st Floor, Tower-B, Paras Twin Towers, Golf Course Road, Sector-54, Gurugram-122002, Haryana. The Company has been incorporated under the provisions of Indian Companies Act on 21 December 1987. The Company is primarily engaged in the business of providing healthcare services.

During the year ended 31 March 2025, Paras Healthcare Limited ('PHIL') (formerly known as 'Paras Healthcare Private Limited') has been converted from private company to public company namely vide 'Certificate of Incorporation consequent upon conversion from private company to public company' dated 18 July 2024 as issued by the Ministry of Corporate Affairs ('MCA').

2. Basis of preparation of Standalone Financial Statements

(i) Basis of preparation

These standalone financial statements ('financial statements') have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

The standalone financial statements were authorised for issue by the Company's Board of Directors on 30 May 2025.

Details of the Company's accounting policies are included in Note 3.

(ii) Functional and presentation currency

These Standalone Financial Statements are prepared in INR millions, which is the Company's functional and presentation currency. All amounts have been rounded-off to the nearest millions and two decimals thereof except share data and per share data, unless otherwise stated.

(iii) Basis of measurement

These Standalone Financial Statements have been prepared on the historical cost basis, except for the following items:

Items	Measurement basis
Net defined benefit (asset)/ liability	Present value of defined benefit obligations
Other financial assets and liabilities	Amortised cost

(iv) Recent accounting pronouncement

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as amended from time to time. During the year ended 31 March 2025, MCA has notified following new standards or amendments to the existing standards applicable to the Company:

a. Recent accounting pronouncement issued but not made effective

Lack of exchangeability - Amendments to Ind AS 21: The amendments to Ind AS 21 "The Effects of Changes in Foreign Exchange Rates" specify how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking. The amendments also require disclosure of information that enables users of its financial statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, the entity's financial performance, financial position and cash flows.

The amendments are effective for annual reporting periods beginning on or after 01 April 2025. When applying the amendments, an entity cannot restate comparative information.

The amendments will not have a material impact on the Company's financial statements.

b. Amended Accounting Standards (Ind AS) and interpretations effective during the period

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies

(Indian Accounting Standards) Rules as issued from time to time. MCA has notified below new standards / amendments which were effective from 01 April, 2024.

I) Introduction of Ind AS 117 – Insurance contracts

MCA notified Ind AS 117, a comprehensive standard that prescribe, recognition, measurement and disclosure requirements, to avoid diversities in practice for accounting insurance contracts and it applies to all companies i.e., to all "insurance contracts" regardless of the issuer. However, Ind AS 117 is not applicable to the entities which are insurance companies registered with IRDAI.

II) Amendments to Ind AS 116 -Lease liability in a sale and leaseback

The amendments require an entity to recognise lease liability including variable lease payments which are not linked to index or a rate in a way it does not result into gain on right-of-use asset it retains.

The Company has reviewed the new pronouncements and based on its evaluation has determined that these amendments do not have a significant impact on the standalone financial statements.

(v) Use of estimates and judgements

The preparation of these Standalone Financial Statements is in conformity with recognition and measurement principles of Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses as well as disclosures. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods prospectively.

In particular, information about significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effects on the amount recognised in the Standalone Financial Statements pertains to:

a) Useful lives and recoverable amount of property, plant and equipment and intangible assets

The estimated useful lives and recoverable amounts of property, plant and equipment and intangible assets are based on estimates and assumptions regarding the expected market outlook, expected future cash flows, growth rates, obsolescence, demand, competition, and known technological advances. The charge in respect of periodic depreciation/ amortisation is derived based on an estimate of an asset's expected useful life and the expected residual value at the end of its life. The Company reviews the useful lives and recoverable amounts of property, plant and equipment and intangible assets at the end of each reporting period.

b) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit loss associated with its financial assets and the impairment methodology depends on whether there has been a significant increase in credit risk.

Trade receivables

In respect of trade receivables, the Company applies the simplified approach of Ind AS 109 ('Provision matrix approach'), which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

Other financial assets

In respect of its other financial assets, the Company assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Company measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Company uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Company compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of

significant increases in credit risk since initial recognition. The Company assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

c) Income taxes

Recognition of deferred tax assets/ liabilities involves making judgements and estimations about the availability of future taxable profit against which tax losses carried forward can be used. A deferred tax asset is recognised for unused tax losses and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which they can be utilised.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Provision for tax liabilities require judgements on the interpretation of tax legislation, developments in case laws and the potential outcomes of appeals which may be subject to significant uncertainty. Therefore, the actual results may vary from expectations resulting in adjustments to provisions, the valuation of deferred tax assets and therefore the tax charge in the Standalone Statement of Profit and Loss.

d) Litigations

From time to time, the Company is subject to legal proceedings the ultimate outcome of each being always subject to many uncertainties inherent in litigation. A provision for litigation is made when it is considered probable that a payment will be made and the amount of the loss can be reasonably estimated. Significant judgement is made when evaluating, among other factors, the probability of unfavourable outcome and the ability to make a reasonable estimate of the amount of potential loss. Litigation provisions are reviewed at each accounting period and revisions made for the changes in facts and circumstances.

e) Employee benefit obligations

Employee benefit obligations are determined using actuarial valuations. An actuarial valuation involves making appropriate assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

f) Leases

Critical judgements in determining the lease term

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and there by assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

Critical judgements in determining the discount rate

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

(vi) Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values. The Company's Group CFO regularly reviews significant unobservable inputs and valuation adjustments.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

(vii) Current versus non-current classification

The Company presents assets and liabilities in the Standalone Balance Sheet based on current / non-current classification.

An asset is classified as current when it satisfies any of the following criteria:

- a) Expected to be realised or intended to be sold or consumed in normal operating cycle,
- b) Held primarily for the purpose of trading,
- c) Expected to be realised within twelve months after the reporting period, or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when it satisfies any of the following criteria:

- a) It is expected to be settled in normal operating cycle,
- b) It is held primarily for the purpose of trading,
- c) It is due to be settled within twelve months after the reporting period, or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products/ services and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle to be within 12 months for the purpose of current and non-current classification of assets and liabilities.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

3. Material accounting policy information

A. Property, plant and equipment

(i) Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated cost of

dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. All other repair and maintenance costs are recognised in the Standalone Statement of Profit and Loss as incurred.

Gains or losses arising from the retirement or disposal of a property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the Standalone Statement of Profit and Loss.

(ii) Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

(iii) Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their useful lives mentioned below, using the written down value except for leasehold improvements and is recognised in the Standalone Statement of Profit and Loss.

Asset class	Useful life
Buildings	05/30/60 years
Plant and equipments	15 years
Medical equipments	13 years
Office equipments	05 years
Computer and servers	03/06 years
Furniture and fittings	10 years
Vehicles	08 years

Freehold land is not depreciated.

The leasehold improvements are depreciated using straight line method over the primary period of the lease or useful life of the assets (generally 10 years), whichever is lower.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of).

B. Capital work-in-progress

The cost of property, plant and equipment not ready for their intended use is recorded as capital work-in-progress before such date. Cost of construction that relate directly to specific property, plant and equipment and that are attributable to construction activity in general and can be allocated to specific property, plant and equipment are included in capital work-in-progress.

Expenses against the assets are not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost, related incidental expenses.

C. Intangible assets

Intangible assets are stated at acquisition cost, net of accumulated amortisation and accumulated impairment losses, if any. The cost of such assets includes purchase price, licensee fee, import duties and other taxes and any directly attributable expenditure to bring the assets to their working condition for intended use.

Amortization method, estimated useful life and residual value

Intangible assets are amortized @ 40% p.a. on written down value of the assets. The amortisation period, residual value and the amortisation method are reviewed at least at each balance sheet date. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly.

Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the Standalone Statement of Profit and Loss.

D. Inventories

Inventories of medical drugs, stores and consumables are measured at the lower of cost and net realisable value. The cost of inventories includes expenditure incurred in acquiring the inventories and other costs in bringing them to their present condition and location. The cost of the items constituting the inventory is computed on FIFO basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated selling expenses. The comparison of cost and net realisable value is made on an item-by-item basis.

Provisions/write-downs for obsolescence, damaged and slow-moving inventory are made, wherever necessary and inventory is stated net of such provisions/write-downs.

E. Cash and cash equivalents

Cash and cash equivalents includes cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

F. Leases

A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'.

Classification of leases

The Company enters into leasing arrangements for various assets. The assessment of the lease is based on several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to extend/purchase etc.

Recognition and initial measurement

At lease commencement date, the Company recognises a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Company, an estimate of any costs to dismantle and remove the asset at the end of the lease (if any), and any lease payments made in advance of the lease commencement date (net of any incentives received).

Subsequent measurement

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

At lease commencement date, the Company measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Company's incremental borrowing rate. Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed payments) and variable payments based on an index or rate. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is re-

measured, the corresponding adjustment is reflected in the right-of-use asset.

The Company has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in the Standalone Statement of Profit and Loss on a straight-line basis over the lease term.

G. Financial instruments

(i) Recognition and initial measurement

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

Trade receivables and debt securities are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

(ii) Classification and subsequent measurement

Financial assets

On Initial recognition, a financial asset is classified as measured at:

- Amortised cost
- FVOCI – debt investment;
- FVOCI – equity investment; or
- FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at the amortised cost if both of the following conditions are met and is not designated as at FVTPL:

- the financial asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed, and information is provided to management. The information considered includes:

- a) the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;

- b) how the performance of the portfolio is evaluated and reported to the Company's management;
- c) the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- d) how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- e) the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest:

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- a) contingent events that would change the amount or timing of cash flows;
- b) terms that may adjust the contractual coupon rate, including variable interest rate features;
- c) prepayment and extension feature; and
- d) terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features)

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in the Standalone Statement of Profit and Loss.

Financial assets at amortised cost

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in the Standalone Statement of Profit and Loss. Any gain or loss on derecognition is recognised in the Standalone Statement of Profit and Loss.

Debt investments at FVOCI

These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in the Standalone Statement of Profit and Loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to the Standalone Statement of Profit and Loss.

Equity investments at FVOCI

These assets are subsequently measured at fair value. Dividends are recognised as income in the Standalone Statement of Profit and Loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to the Standalone Statement of Profit and Loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in the Standalone Statement of Profit and Loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in the Standalone Statement of Profit and Loss. Any gain or loss on derecognition is also recognised in the Standalone Statement of Profit and Loss. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

(iii) Derecognition

Financial asset

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Financial liability

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expire. The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in the Standalone Statement of Profit and Loss.

H. Impairment

(i) Impairment of financial assets

The Company recognizes loss allowance using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all financial assets with contractual cash flows other than trade receivable, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECL (or reversal) that is required to adjust the loss allowance at the reporting date is recognised as an impairment gain or loss in the Standalone Statement of Profit and Loss.

Measurement of expected credit losses

Trade receivables

In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

Other financial assets

In respect of its other financial assets, the Company assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Company measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Company uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Company compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Company assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

Presentation of allowance for expected credit losses in the Standalone Balance Sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets

(ii) Impairment of non- financial assets

The Company's non-financial assets, other than inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the Standalone Statement of Profit and Loss. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortisation, if no impairment loss had been recognised.

I. Provisions, contingent liabilities and contingent assets

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the Standalone Financial Statements.

Contingent assets

Contingent assets are not recognised but disclosed in the Standalone Financial Statements when an inflow of economic benefits is probable.

J. Share issue expenses

Share issue expenses are adjusted against the Securities Premium Account as permissible under Section 52 of the Companies Act, 2013, to the extent any balance is available for utilisation in the Securities Premium Account. Share issue expenses in excess of the balance in the Securities Premium Account is expensed in the Statement of Profit and Loss.

K. Revenue recognition

Revenue is recognized upon transfer of control of promised products or services to customers/patients in an amount that reflects the consideration the Company expects to receive in exchange for those products or services. Revenue is measured at transaction price net of rebates, discounts and taxes. A receivable is recognised by the Company when the control is transferred as this is the case of point in time recognition where consideration is unconditional because only the passage of time is required. When either party to a contract has performed, an entity shall present the contract in Standalone Balance Sheet as a contract asset or a contract liability, depending on the relationship between the entity's performance and the payment. The Company applies the revenue recognition criteria to each component of the revenue transaction as set out below.

Income from healthcare services

Revenue from healthcare services is recognized as and when related services are rendered and include services for patients undergoing treatment and pending for discharge, which is shown as unbilled revenue under other current financial assets. The Company considers the terms of the contract and its customary business practices to determine the transaction price. The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for the services, excluding amounts collected on behalf of third parties (for example, indirect taxes).

Income from sale of pharmacy products to out-patients

Revenue from pharmacy products is recognized as and when the control of products is transferred to the customer. The Company considers its customary business practices to determine the transaction price. The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for the products, excluding amounts collected on behalf of third parties (for example, indirect taxes).

Contract assets and liabilities

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Uncarned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

Other income

Rent income

Rental income from sub-leasing and leasing is recognised in the Standalone Statement of Profit and Loss on a straight-line basis over the term of the lease except where the rentals are structured to increase in line with expected general inflation. Lease incentives granted are recognised as an integral part of the total rental income, over the term of the lease.

Interest income

Interest income is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Sponsorship income

Sponsorship income is recognized when the underlying obligations are completed as per contractual terms.

L. Employee benefits

The Company's obligation towards various employee benefits has been recognised as follows:

(i) Short term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g., wages and salaries, short-term cash bonus, etc., if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

(ii) Long term employee benefits

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts.

Provident fund, employee's state insurance scheme and labour welfare fund are defined contribution plans. These contributions are recognised as an expense in the Standalone Statement of Profit and Loss during the period in which the employee renders the related services.

Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan.

The Company has defined benefit plan, Gratuity.

The Company's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets, if any.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, are recognised in other comprehensive income (OCI). The Company determines the net interest expense/(income) on the net defined benefit liability for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the net defined benefit liability, taking into account any changes in the net defined benefit liability during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the Standalone Statement of Profit and Loss.

The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on government securities as at the balance sheet date.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in the Standalone Statement of Profit and Loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

(iii) Other long term employee benefits – compensated absences

The employees can carry-forward a portion of the unutilized accrued compensated absences and utilize it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of the period in which the employees render the related service and are also not expected to be utilized wholly within twelve months after the end of such period, the benefit is classified as a long-term employee benefit. The Company records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. The obligation is measured on the basis of independent actuarial

valuation using the Projected Unit Credit Method. Re-measurement as a result of experience adjustments and changes in actuarial assumptions are recognised in the Standalone Statement of Profit and Loss.

M. Income tax

Income tax comprises current and deferred tax. It is recognised in the Standalone Statement of Profit and Loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income.

(i) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

(ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

N. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Company's Managing Director assesses the financial performance and position of the Company, and makes strategic decision and has been identified as the chief operating decision maker. The Company is engaged in the business of providing healthcare services, which has been defined as one business segment. Accordingly, the Company's activities/business is reviewed regularly by the Company's Managing Director from an overall business perspective, rather than reviewing its services as individual standalone components.

Based on the dominant source and nature of risks and returns of the Company, management has identified its business segment as its primary reporting format.

O. Investments in subsidiaries

Investments representing equity interest in subsidiaries carried at acquisition cost less any provision for impairment.

Investments are reviewed for impairment if events or changes in circumstances indicate that the carrying amount may not be recoverable.

P. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split and reverse share

split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Q. Business Combination

Business combinations, other than through common control transactions, are accounted for using the purchase (acquisition) method. The cost of an acquisition is measured as the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition. Business combinations through common control transactions are accounted on a pooling of interest method. Under pooling of interest method, the assets and liabilities of the combining entities are reflected at their carrying amounts, with adjustments only to harmonise accounting policies.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Company re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the re-assessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in Other Comprehensive Income (OCI) and accumulated in other equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in other equity as capital reserve, without routing the same through OCI. Consideration transferred includes the fair values of the assets transferred, liabilities incurred by the Company to the previous owners of the acquiree, and equity interests issued by the Company.

Consideration transferred also includes the fair value of any contingent consideration. Consideration transferred does not include amounts related to the settlement of pre-existing relationships. Any goodwill that arises on account of such business combination is tested annually for impairment.

Any contingent consideration is measured at fair value at the date of acquisition. If an obligation to pay contingent consideration that meets the definition of a financial instrument is classified as equity, then it is not re-measured and the settlement is accounted for within other equity. Otherwise, other contingent consideration is re-measured at fair value at each reporting date and subsequent changes in the fair value of the contingent consideration are recorded in the Statement of Profit and Loss. A contingent liability of the acquiree is assumed in a business combination only if such a liability represents a present obligation and arises from a past event, and its fair value can be measured reliably. On an acquisition-by-acquisition basis, the Company recognises any non-controlling interest in the acquiree either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

Transaction costs that the Company incurs in connection with a business combination, such as Stamp Duty for title transfer in the name of the Company, finder's fees, legal fees, due diligence fees and other professional and consulting fees, are expensed as incurred.

Paras Healthcare Limited (formerly known as Paras Healthcare Private Limited)

After one year but not longer than five years	1,723.10	1,056.64
More than five years	8,808.23	7,167.78
Total	10,916.25	8,446.76

D. Summary of significant leases:

a) Paras HMRI Hospital, Patna

The Company had entered into an Operations and Management Agreement dated 1 August 2011 with Hai Medicare and Research Institute Private Limited, Patna (HIMRI) under the terms of which the Company had expanded and upgraded HMRI's existing 100-bed single-specialty hospital to a 300-bed super-specialty hospital and then Operating and Managing this upgraded facility for a period of 32 years upon payment of a fixed monthly consideration to HIMRI till December 2016 and a fixed percentage of net revenue from January 2017 (computed as per the terms of the agreement). The Company has receivable from HMRI INR 386.80 million (31 March 2024: INR 437.20 million), which is guaranteed by the personal, irrevocable and unqualified guarantee of Dr. Ahmed Abdul Hai vide deed of guarantee executed on 10 August 2011 in the Company's favour. Performance of this guarantee had also been secured by Dr. Ahmed Abdul Hai by creating a charge on the land admeasuring 2.61 acres situated at Raza Bazaar, Bailey Road, Patna of which he is the legal owner. The Company and HMRI formally agreed that repayment would commence in the form of monthly instalments as per the terms of agreement. The party violating the terms of the agreement thereby causing the agreement to be terminated shall pay the other party remaining balance as compensation. The Company has also revised its lease agreement for 18-year term w.e.f. 01 April 2024, according to the agreement, the monthly rent is a fixed monthly rental with escalation on periodic basis along with fixed percentage of the net revenue of this unit of the Company, over a specified threshold.

b) Paras Global Hospital, Darbhanga

The Company had entered into an Operations and Management Agreement on 1 December 2011 with a third party at Darbhanga location, under the terms of which the third party had built a multi-specialty hospital on a plot owned by it which would then be operated and managed by the Company for two continuous periods of 15 years each, upon payment of a monthly consideration which is fixed rental for the first year and then a fixed percentage of net revenue of this hospital from the second year onwards. Third party had provided the bare shell of the building and the Company had installed necessary equipment, furniture and machinery that was necessary.

c) Paras Hospitals, Panchkula

The Company had entered into a lease deed on 8 October 2016 with a third party at Panchkula location, under the terms of which lessors had constructed a 220-bed hospital building for the Company which had been then be leased to the Company for duration of 30 years. The monthly rent is a fixed monthly rental or fixed percentage of the net revenue of this unit of the Company, whichever is higher. Lessor had provided the bare shell of the building along with basic facilities like lifts, electrical fittings, STP, etc. and the Company had installed necessary equipment, furniture and machinery that is necessary.

d) Paras Hospital, Udaipur

The Company had entered into a lease deed on 31 July 2019 with a third party at Udaipur location, under the terms of which the lessor would lease out existing hospital building, along with some machinery, fittings and equipment to the Company for a period of 20 years. Basis the agreement, the Company will make payment of a fixed monthly consideration with escalation clause after a specified period. During the previous year, the Company has acquired 100% stake in Plus Medicare Hospitals Private Limited. Pursuant to the said acquisition, Plus Medicare Hospitals Private Limited is the wholly owned subsidiary of the Company w.e.f. 18 October 2022.

e) Paras Yash Kothari Hospital, Kanpur

The Company had entered into a lease deed on 30 July 2021 with third party at Kanpur location under the terms of which the lessor has constructed a bare shell structure and the Company would operate, manage and run a super specialty hospital post carrying out necessary structural changes. The lessor had handed over the charge of hospital on 07 October 2021. Basis the agreement, the Company is required to make payment of a fixed monthly consideration from the rent commencement date with escalation clause after a specified period.

[illegible]

33. Earnings per share

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares. Diluted EPS amounts are calculated by dividing the profit attributable to equity holders by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
Net profit attributable to the equity shareholders	32.24	690.84
Number of equity shares at the beginning of the year (absolute)	97,610,660	3,675,964
Total number of shares outstanding at the end of the year (absolute) pre split	-	4,880,533
Total number of shares outstanding post stock split in the ratio of 1:10 (absolute)	-	48,805,330
Add: Impact of bonus shares issued subsequent to year end in the ratio of 1:1 (absolute)	-	48,805,330
Total number of shares outstanding post bonus issue (absolute)	-	97,610,660
Weighted average number of shares used in basic earning per share (absolute)	-	97,610,660
Weighted average number of shares outstanding during the year (absolute)	97,610,660	97,610,660
Basic and Diluted earning per share (INR)	0.33	7.08

(This space has been intentionally left blank)

34. Commitments and contingencies

- a) Estimated amount of contracts remaining to be executed which is of capital nature (net of advances) and which have not been provided for in the financial statements, amounts to INR 233.05 million (31 March 2024: INR 289.73 million)
- b) The Company had imported capital goods under EPCG (Export Promotion Capital Goods) Scheme and saved custom duty to the tune of INR 253.94 million (31 March 2024 INR 253.94 million). As per the EPCG terms and conditions, the Company needs to export goods 6 times of duty saved on import of Capital goods on FOB basis within a period of 6 years. The export obligation of INR 1,256.93 million (31 March 2024 INR 1,348.41 million) is pending to be exported by the Company. In case, the Company is unable to export services within the prescribed timeframe, then the Company may have to pay duty on import of capital goods, including interest and penalty thereon.
- Considering the past trends and internal assessment done by the Company, the management is of the view that the required export obligation will be achieved within the prescribed time and hence no provision is required at this stage.

- c) The Company has issued letter of support for financial assistance to Paras Healthcare (Ranchi) Private Limited and Plus Medicare Hospitals Private Limited for ongoing projects and operations for a period of not less than 12 months from the date of financial closure of accounts of the subsidiary Company for the year ended 31 March 2025.

- d) The Company's significant lease arrangement is in respect of premises of hospital and nursing hostel. The details of the commitments of the said leases is disclosed

- e) Contingent liabilities not provided for:

1) Guarantees:

Bank guarantee given to Heavy Engineering Corporation Limited by the Company on behalf of its subsidiary Company amounting to INR 75.00 million as per terms and conditions mentioned in the concession agreement entered with Heavy Engineering Corporation Limited.

2) The Company has provided corporate guarantee to bank on behalf of the Subsidiary Companies for obtaining loans by the Subsidiary Companies as follows:

Particulars	As at 31 March 2025	As at 31 March 2024
Plus Medicare Hospitals Private Limited	323.29	328.50
Paras Healthcare (Ranchi) Private Limited	534.88	561.38
Total	858.17	889.88

3) Claims against the Company not acknowledged as debts

Particulars	As at 31 March 2025	As at 31 March 2024
Legal cases in respect of compensation demanded by the patients/their relatives for negligence (net of provisions) (refer note i below)	38.49	37.71
Income Tax (refer note ii below)	4.69	-

Notes:

- (i) Represents the cases that are pending with various Consumer Disputes Redressal Commissions / Courts and the management, including its legal advisers, expect that its position will likely be upheld on ultimate resolution and will not have a material adverse effect on the Company financial positions and results of operations. In addition to this, as a measure of good corporate governance the Company has taken Professional Indemnity Insurance Policy for claims pending against the Company to secure the Company from any financial implication in case of claims settled against the Company.
- (ii) During the current year, the Company has been served a notice under section 143(2) of the Income tax act, 1961 for the Assessment Year 2023-2024. Subsequent to the year end, the Company has filed an appeal with CIT (Appeals) with adequate responses to the notice received.
- (iii) The above matters are subject to legal proceedings in the ordinary course of business. The legal proceedings when ultimately concluded will not, in the opinion of management, have a material effect on the result of operations or the financial position of the Company. The cash flows in respect of above matters are determinable only on receipt of judgements/decisions pending at various stages/forums.

- 34A** During the year ended 31 March 2024, the Company has signed the letter of intent to set-up and run multi-speciality hospitals in Gurgaon and Ludhiana. Further during the year ended 31 March 2025, the Company has signed an agreement to set-up and run multi-speciality hospitals in Gurgaon and Ludhiana.

- 34B** The Company had filed draft red herring prospectus with the Securities and Exchange Board of India (SEBI) on 31 July 2024 and had received approval from BSE and NSE on 09 September 2024 and from SEBI on 18 October 2024.

Terms and conditions of related party transactions:

- The Company has given bank guarantee of INR 75.00 million (31 March 2024: INR 75.00 million) on behalf of its subsidiary as per the terms and conditions of the concession agreement entered with Heavy Engineering Corporation Limited.
- The Company has issued letter of support for financial assistance to Paras Healthcare (Ranchi) Private Limited and Plus Medicare Hospitals Private Limited for ongoing projects and operations for a period of not less than 12 months from the date of financial closure of accounts of the subsidiary Company for the year ended 31 March 2025.
- The Company has provided a corporate guarantee to bank on behalf of its subsidiaries (Plus Medicare Hospitals Private Limited and Paras Healthcare (Ranchi) Private Limited) for sanction of loan.
- Plus Medicare Hospitals Private Limited has also issued a corporate guarantee (as secondary collateral) to the bank on behalf of the Company for the renewal of Company's credit facilities.

Notes

- All transactions with related parties are made on the terms equivalent to those that prevail in arm's length transactions and within the ordinary course of business. Outstanding balances at year end are unsecured and settlement is generally done in cash.
- The above information has been determined to the extent such parties have been identified on the basis of information available with the Company and relied upon by the auditors.

36. Segment information

The chief operating decision maker (CODM) i.e. Board of Directors, examines the Company's performance from a service perspective and has identified the 'Healthcare services' as a single business segment. The Company is operating in India which constitutes a single geographical segment. The CODM reviews internal management reports to assess the performance of the segment 'Healthcare services'. There are no transactions with a single external customer which would amount to ten percent or more of the Company's revenues.

37. Fair value measurement and financial instruments

a. Financial instruments - by category and fair values hierarchy

The following explains the judgements and estimates made in determining the fair values of the financial instruments. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

Level 1: quoted prices (unadjusted) in active markets for financial instruments.

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: unobservable inputs for the asset or liability.

Valuation techniques used to determine fair value

The fair value of the financial assets and liabilities are included at the amount that would be received to sell an asset and paid to transfer a liability in an orderly transaction between market participants. The following methods were used to estimate the fair values:

- Trade receivables, cash and cash equivalents, bank balances other than cash and cash equivalents, loans, other financial assets, borrowings, trade payables and other financial liabilities: Approximate their carrying amounts largely due to the short-term maturities of these instruments.

- Borrowings taken by the Company are as per the Company's credit and liquidity risk assessment and there is no comparable instrument having the similar terms and conditions with related security being pledged and hence the carrying value of the borrowings represents the best estimate of fair value.

38. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk ;
- Market risk

Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors have authorized the Managing Director to establish the processes, who ensures that executive management controls risks through the mechanism of properly defined framework.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risks limits and controls, and to monitor risks and adherence to limits. Risk management policies are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

Risk	Exposure arising from	Measurement	Management
Credit risk	Trade receivables, cash and cash equivalents, bank balances other than cash and cash equivalents, loans and other financial assets	Ageing analysis	Diversification of bank deposits and credit limits and regular monitoring and follow ups
Liquidity risk	Borrowings, trade payables, lease liabilities and other financial liabilities	Cash flow forecasts	Availability of committed credit lines and borrowing facilities.
Market risk – foreign exchange	Future commercial transactions, recognized financial assets and liabilities not denominated in Indian rupee.	Cash flow forecasting sensitivity analysis	Forward foreign exchange contracts
Market risk – interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Diversification of borrowings.

(i) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial asset fails to meet its contractual obligations. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each financial asset. The carrying amounts of financial assets represents the maximum credit risk exposure.

A default on a financial asset is when the counterparty fails to make contractual payments as per agreed terms. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

The Company has a credit risk management policy in place to limit credit losses due to non-performance of counterparties. The Company monitors its exposure to credit risk on an ongoing basis. Assets are written off when there is no reasonable expectation of recovery. Where loans and receivables are written off, the Company continues to engage in enforcement activity to attempt to recover the dues.

(This space has been intentionally left blank)

Trade receivables

The Company closely monitors the credit-worthiness of the receivables through internal systems that are configured to define credit limits of customers, thereby, limiting the credit risk to pre-calculated amounts. The Company uses a simplified approach (lifetime expected credit loss model) for the purpose of computation of expected credit loss for trade receivables. Expected credit losses are measured on collective basis for each of the following categories :

Category	Inputs for measurement of expected credit losses	Assumptions
Government	Collection against outstanding receivables in past years	Trend of collections made by the Company over a period of three years preceding balance sheet date and considering default to have occurred if receivables are not collected for less than three years.
Non-government		
Corporates	Collection against outstanding receivables in past years	Trend of collections made by the Company over a period of three years preceding balance sheet date and considering default to have occurred if receivables are not collected for less than three years.
Third party administrators of insurance companies	Collection against outstanding receivables in past years	Trade receivables outstanding for more than three years are considered irrecoverable. Allowance for expected credit loss on receivables outstanding for less than three years is recognised based on expected deductions by third party administrators.
Others	Customer wise trade receivables and information obtained through sales recovery follow ups	Specific allowance is made by assessing party wise outstanding receivables based on communication between sales team and customers.

Cash and cash equivalents and bank balances other than cash and cash equivalent

Credit risk related to cash and cash equivalents and bank deposits is managed by only investing in deposits with highly rated banks and diversifying bank deposits and accounts in different banks. Credit risk is considered low because the Company deals with highly rated banks.

Loans

The Company considers probability of default upon initial recognition of loan and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk, the Company compares the risk of default as at the reporting date with the risk of default as at date of initial recognition. It considers available, reasonable and supportive forward looking information.

Regardless of the analysis above, a significant increase in credit risk is presumed if a counterparty is more than 30 days past due in making contractual payment. A default on a financial asset is when the counterparty fails to make contractual payments within 60 days of when they fall due.

Other financial assets

Other financial assets measured at amortized cost includes security deposits, contract assets, accrued interest on fixed deposits and other receivables. Credit risk related to these financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system are in place to ensure the amounts are within defined limits. Credit risk is considered low because the Company is in possession of the underlying asset (in case of security deposit) or as per trade experience (in case of unbilled revenue from patient). Further, the Company creates provision by assessing individual financial asset for expectation of any credit loss basis 12 month expected credit loss model.

(This space has been intentionally left blank)

Credit risk exposure

- i) Expected credit loss for trade receivables under simplified approach i.e. provision matrix approach using historical trends.

Net trade receivable (a-b)	900.12	287.97	199.73	39.52	-	1,427.34

(ii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the Company operates.

Maturities of financial liabilities

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments, where applicable.

31 March 2025	Upto 1 year	1 year to 5 years	Over 5 years	Total
Borrowings*	3,101.04	2,867.12	1,358.62	7,326.78
Trade payables	1,568.54	-	-	1,568.54
Lease liabilities	384.92	1,723.10	8,808.23	10,916.25
Other financial liabilities	542.80	5.09	-	547.89
Total	5,597.30	4,595.31	10,166.85	20,359.46

31 March 2024	Upto 1 year	1 year to 5 years	Over 5 years	Total
Borrowings*	2,044.98	2,037.72	1,158.57	5,241.27
Trade payables	1,120.87	-	-	1,120.87
Lease liabilities	222.34	1,056.64	7,167.78	8,446.76
Other financial liabilities	421.42	2.75	-	424.17
Total	3,809.61	3,097.11	8,326.35	15,233.07

* Includes current maturities of non-current borrowings

The Company also has access to the following undrawn borrowing facilities from banks at the end of the reporting period.

Particulars	As at 31 March 2025	As at 31 March 2024
Term loans from banks	1,463.86	649.66
Working capital loans	688.61	999.69
	2,152.47	1,649.35

The Company has secured bank loans that contains certain loan covenants. A future breach of covenant may require the Company to repay the loan earlier than indicated in the above table. Covenants are monitored on regular basis by the treasury department and regularly reported to management to ensure compliance with the agreement. Further, there have been no default in repayment of loan and no breaches in the financial covenants of any interest-bearing loans and borrowing in the years ended 31 March 2025 and 31 March 2024.

(This space has been intentionally left blank)

(iii) Market risk

Market risk is the risk that changes in market prices - such as foreign exchange rates and interest rates - will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

a) Foreign exchange risk

The Company has international transactions and is exposed to foreign exchange risk arising from foreign currency transactions (imports). Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency. The Company has not hedged its foreign exchange payables for the year ended 31 March 2025 and 31 March 2024.

Foreign currency risk exposure:

Particulars	As at 31 March 2025		As at 31 March 2024	
	Foreign currency	INR	Foreign currency	INR
Liabilities				
Payable for purchase of property, plant and equipment	-	-	USD	253.67
Total	-	-		253.67

Sensitivity

The sensitivity of profit or loss to changes in the exchange rates arises from foreign currency denominated financial instruments.

Particulars	Foreign Currency	As at 31 March 2025 (in INR)		As at 31 March 2024 (in INR)	
		Exchange rate increase by 1%	Exchange rate decrease by 1%	Exchange rate increase by 1%	Exchange rate decrease by 1%
Liabilities					
Payable for purchase of property, plant and equipment	USD	-	-	(2.54)	2.54

b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's interest rate risk arises from:-

- Borrowings which are made at market rate of interest at the time of borrowings.
- Bank deposits which are made at market rate of interest at the time of deposit.

This exposes the Company to cash flow interest rate risk.

Exposure to Interest Rate Risk	As at 31 March 2025	As at 31 March 2024
Fixed rate instruments		
Financial assets	1,566.86	1,464.05
Financial liabilities	-	6.06
Variable rate instruments		
Financial liabilities	6,073.76	4,209.59

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 50 basis points in interest rates at the reporting date would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

Effect in INR million	Impact on profit or (loss), net of tax	
	50 bp increase	50 bp decrease
31 March 2025		
Variable-rate instruments	(22.73)	22.73
Cash flow sensitivity (net)	(22.73)	22.73
31 March 2024		
Variable-rate instruments	(15.75)	15.75
Cash flow sensitivity (net)	(15.75)	15.75

39. Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other reserves attributable to the equity holder. The primary objective of the Company's capital management is to maximize the shareholder value.

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Company's various classes of debt.

The amounts managed as capital by the company for the year ended 31 March 2025 and 31 March 2024 are as under:

Particulars	As at 31 March 2025	As at 31 March 2024
Total equity	5,246.90	5,214.81
Cash and cash equivalents	(284.63)	(139.96)
Capital	4,962.27	5,074.85
Total equity	5,246.90	5,214.81
Borrowings	6,073.76	4,215.65
Lease liabilities	4,212.76	2,844.66
Overall financing	15,533.42	12,275.12
Capital to overall financing ratio	0.32	0.41

The Company manages its capital structure and makes adjustments in light of changes in economic conditions. No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2025 and 31 March 2024.

40. Employee benefits

The Company contributes to the following post-employment defined benefit plans.

a) Defined contribution plans

The Company has recognised the following amount in the Statement of Profit and Loss:

Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
Employer's contribution to Employee's Provident Fund	58.67	58.05
Employer's contribution to Employee's State Insurance	5.60	5.54
Other funds (NPS and labour welfare fund)	1.94	1.17
	66.21	64.76

b) Other long-term employment benefits

The Company provides compensated absences benefits to the employees of the Company which can be carried forward to future years.

Particulars	As at 31 March 2025	As at 31 March 2024
Present value of obligation as at the end of the year		
Compensated absences	44.64	46.80
Current and non-current liability bifurcation		
Non current	27.18	28.64
Current	17.46	18.16
	44.64	46.80

c) Defined benefit plans

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for fifteen days salary multiplied for the number of years of service.

(i) Reconciliation of present value of defined benefit obligation

Particulars	As at 31 March 2025	As at 31 March 2024
Balance at the beginning of the year	52.09	44.05
Benefits paid	(10.06)	(9.34)
Current service cost	10.03	9.66
Interest expense	3.64	3.15
Actuarial loss recognised in other comprehensive income	0.20	4.57
Balance at the end of the year	55.90	52.09

(ii) Net liability recognised in the balance sheet

Particulars	As at 31 March 2025	As at 31 March 2024
Non current	39.34	36.99
Current	16.56	15.10
	55.90	52.09

(iii) Amount recognized in statement of profit and loss

Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
Current service cost	10.03	9.66
Interest expense	3.64	3.15
	13.67	12.81

(iv) Remeasurements recognized in other comprehensive income (OCI)

Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
Actuarial loss on defined benefit obligation	0.20	4.57
	0.20	4.57

(v) Actuarial assumptions

Particulars	As at 31 March 2025	As at 31 March 2024
Discount rate	7.00%	7.25%
Salary escalation rate	5.00%	5.00%
Mortality rate	IALM 2012-14	IALM 2012-14
Retirement age	58 years	58 years
Withdrawal rate	35.00%	35.00%

As at 31 March 2025, the weighted average duration of the defined benefit obligation is 19 years (31 March 2024: 19 years)

These assumptions were developed by management with the assistance of independent actuarial appraisers. Discount factors are determined close to each period end by reference to government bonds of relevant economic markets and that have terms to maturity approximating to the terms of the related obligation. Other assumptions are based on management's historical experience.

(vi) Sensitivity analysis

The below sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same methods (present value of defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

Particulars	As at 31 March 2025		As at 31 March 2024	
	Increase	Decrease	Increase	Decrease
Discount rate (1%)	52.74	55.38	48.78	51.24
Salary escalation rate (1%)	55.40	52.71	51.25	48.74
Withdrawal rate (1%)	53.70	54.37	49.69	50.27

The sensitivity results above determine their individual impact on the Plan's end of year Defined Benefit Obligation. In reality, the Plan is subject to multiple external experience items which may move the Defined Benefit Obligation in similar or opposite directions, while the Plan's sensitivity to such changes can vary over time.

(vii) Expected future cash flows

The table below shows the expected discounted cash flow profile of the benefits to be paid to the current membership of the plan based on past service of the employees as at the valuation date:

Particulars	As at 31 March 2025	As at 31 March 2024
Year 1	16.56	15.06
Year 2	4.79	4.38
Year 3	5.03	4.64
Year 4	5.14	4.05
Year 5	3.61	4.02
Year 6 onwards	20.77	19.94
	55.90	52.09

The Company expects to contribute INR 17.01 million (31 March 2024 is INR 19.07 million) for post employment benefits during the next financial year.

(This space has been intentionally left blank)

41. Revenue related disclosures**I Disaggregation of revenue**

Revenue recognised mainly comprises of healthcare services. Set out below is the disaggregation of the Company's revenue from contracts with customers:

Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
(A) Operating revenue		
Revenue from sale of services - Healthcare		
Operating income - in patient department	9,115.42	8,276.24
Operating income - out patient department	1,846.36	1,457.22
Revenue from sale of product - Pharmacy	396.67	362.00
(B) Other operating revenue		
Sponsorship income	5.97	2.74
Scrap sales	1.99	1.98
Total (A+B)	11,366.41	10,100.18

II Timing of revenue recognition

The following table provides information about receivables, contract assets and contract liabilities from contract with customers:

Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
At point in time	2,250.99	1,823.94
At point over time	9,115.42	8,276.24
Total revenue	11,366.41	10,100.18

III Contract balances

The following table provides information about contract assets, trade receivables and contract liabilities from contract with customers:

Particulars	As at 31 March 2025	As at 31 March 2024
Contract assets - Unbilled revenue (refer note 10)	108.14	94.89
Trade receivables (refer note 14)	1,972.61	1,427.34
Contract liabilities - Advance from patients (refer note 23)	60.79	71.39

Contract asset is the right to consideration in exchange for goods or services transferred to the customer. Contract liability is the entity's obligation to transfer goods or services to a customer for which the entity has received consideration from the customer in advance. Contract assets (unbilled receivables) are transferred to receivables when the rights become unconditional and contract liabilities are recognised as and when the performance obligation is satisfied.

IV Significant changes in the contract balances during the year are as follows:

Contract liabilities - Advance from patients	As at 31 March 2025	As at 31 March 2024
Balance as at the beginning of the year	71.39	61.60
Less: Amount of revenue recognised during the year	(71.39)	(61.60)
Add: Addition during the year	60.79	71.39
Balance as at the end of the year	60.79	71.39
Contract assets - Unbilled revenue	As at 31 March 2025	As at 31 March 2024
Balance as at the beginning of the year	94.89	71.26
Less: Amount of revenue recognised during the year	(94.89)	(71.26)
Add: Addition during the year	108.14	94.89
Balance as at the end of the year	108.14	94.89

- V The aggregate amount of transaction price allocated to the performance obligations (yet to complete) as at 31 March 2025 is INR 60.79 million (31 March 2024: INR 71.39 million). This balance represents the advance received from patients (gross) against healthcare services. The management expects to further bill and collect the remaining balance of total consideration in the coming periods. These balances will be recognised as revenue in subsequent period as per the policy of the Company.

(This space has been intentionally left blank)

42. Corporate Social Responsibility

Particulars	For the year ended 31 March 2025	For the year ended 31 March 2024
a) Gross amount required to be spent by the Company during the year	15.53	10.88
b) Amount approved by the Board to be spent during the year	15.53	10.88
c) Amount spent during the year		
(i) Construction/acquisition of asset	-	-
(ii) on purposes other than (i) above	15.60	10.90
d) Details of related party transactions	-	-
e) Excess amount spent		
Opening balance	-	-
Amount required to be spent during the year	15.53	10.88
Amount spent during the year	15.60	10.90
Closing Balance	-	-
f) Details related to spent		
(i) Contribution to Charitable Trust	15.60	10.90

43. Particulars of investment made or loan given as required by clause (4) of section 186 of the Companies Act, 2013 has been given under the loan schedule. Refer note 8 and 9 of the financial statements.

(This space has been intentionally left blank)

44. Ratio analysis and its elements

The following are analytical ratios for the year ended 31 March 2025 and 31 March 2024:

Particulars	Note	For the year ended 31 March 2025	For the year ended 31 March 2024	Variance	
(a) Current ratio	(i)	0.82	0.94	-12.44%	
(b) Debt equity ratio	(ii)	1.16	0.81	42.91%	1
(c) Debt service coverage ratio	(iii)	1.17	2.33	-49.84%	2
(d) Return on equity ratio (%)	(iv)	0.62%	21.25%	-97.10%	3
(e) Inventory turnover ratio	(v)	54.41	53.82	1.10%	
(f) Trade receivable turnover ratio	(vi)	5.36	6.12	-12.38%	
(g) Trade payable turnover ratio	(vii)	2.20	2.49	-11.68%	
(h) Net capital turnover ratio	(viii)	(11.78)	(44.47)	73.50%	4
(i) Net profit ratio (%)	(ix)	0.28%	6.84%	-95.85%	5
(j) Return on capital employed ratio (%)	(x)	8.02%	14.53%	-44.83%	6
(k) Return on investment ratio (%)	(xi)	NA	NA	NA	

Reasons for variance

Reasons have been disclosed where the changes are more than 25%

1. The increase in term loan from the bank has resulted in increase in the ratio.
2. The decrease in profit after tax and shareholders equity in current year has resulted the decline in the ratio.
3. The decrease in net working capital in proportion to increase in sale has resulted into decrease in ratio.
4. The decrease in profit after tax has resulted in decrease in the ratio.
5. The decrease in net profit has resulted in decrease in ratio.
6. Decrease in earning before interest and tax and increase in capital employed has resulted in decrease in ratio.

Notes :

- (i) Current ratio – Current assets/ current liabilities
- (ii) Debt equity ratio = Total debt/ shareholders equity
- (iii) Debt service coverage ratio = Earnings available for debt service/ debt service (refer point (A) below)
- (iv) Return on equity – Net profits after taxes / average shareholder's equity
- (v) Inventory turnover ratio = Sales / average inventory
- (vi) Trade receivables turnover ratio = in patient department sales/ average accounts receivable
- (vii) Trade payables turnover ratio = Net credit purchases (comprise of purchase of stock-in-trade) / average trade payable
- (viii) Net capital turnover ratio = Net Sales/ Working Capital
- (ix) Net Profit Ratio– Net profit/ Net sales
- (x) Return on capital employed (ROCE)= Earning before interest and taxes/ capital employed (refer point (B) below)
- (xi) Return on investment is not applicable to the Company as no investment is held by the Company.

Other explanatory points

- (A) Earning for Debt Service = Net Profit after taxes + Non-cash operating expenses like depreciation and other amortizations + Interest + other adjustments like loss on sale of PPE etc.
- (B) Debt service = Interest & Lease payments + Principal repayments
- (C) "Net Profit after tax" means reported amount of "Profit / (loss) for the period" and it does not include items of other comprehensive income.
- (D) Capital Employed = Tangible net worth + Total debt + Deferred tax liability

(This space has been intentionally left blank)

45. Capitalisation of expenditure incurred during construction year

The costs that are directly attributable to the acquisition of certain property, plant and equipment are capitalised as under

Particulars	As at 31 March 2025	As at 31 March 2024
Opening balance	137.00	222.50
Incurring during the year:		
Employee benefits expense	61.49	66.41
Other expenses	16.28	47.38
Finance costs	-	114.21
Total	214.77	450.50
Less: Expenses cross charged to Paras Healthcare (Ranchi) Private Limited	(7.68)	(6.22)
Less: Expenses capitalised to property, plant and equipment during the year	-	(307.28)
Carried forward to next financial year as part of capital-work in progress	207.09	137.00

46 Business Combination

Summary of acquisition

During the year ended 31 March 2025, the Company has entered into business transfer agreement to acquire all assets and liabilities of Cleamed Health Private Limited deployed at the Company on a slump sale basis. The purchase consideration amounted to INR 319.00 million and to be discharged in cash.

a) Business combination

The above transaction qualified as a business combination as per IND AS 103- "Business Combination" and has been accounted by applying the acquisition method wherein identifiable assets acquired, liabilities assumed at fair value against the fair value of the consideration transferred.

b) Measurement of Fair values

Particulars	Fair Value
Consideration paid	319.00
Purchase Consideration (A)	319.00

The assets and liabilities recognised as a result of acquisition are as follows:

Property, plant and equipment	323.72
Trade payables	(4.72)
Identifiable net assets acquired(B)	319.00
Goodwill/ (Capital Reserve) (A-B)	-

c) Revenue and profit contribution

The acquisition is not anticipated to significantly impact the Company's operational revenue or profit contributions.

d) Acquisition related costs of INR 0.35 million are included in other expenses in Statement of Profit and Loss and in operating cash flows in Statement of Cash Flows.

47. Details of dues to Micro and Small Enterprises as per MSMED Act, 2006

Based on the information available with the Company, some of suppliers have been identified, who are registered under the Micro, Small and Medium Enterprises Development Act, 2006 (MSMED) to whom the Company owes and the same is outstanding for more than 45 days. The information has been determined to the extent such parties have been identified on the basis of responses received from vendors on confirmation sought by the Company.

Particulars	As at 31 March 2025	As at 31 March 2024
a) The principal amount payable to suppliers at the year end	410.47	253.70
b) The amount of interest due on the remaining unpaid amount to suppliers as at the year end	5.15	3.62
c) The amount of interest paid by buyer in terms of section 16 of MSMED, along with the amount of the payment made to supplier beyond the appointed day during each accounting year	-	-
d) The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED	-	-
e) The amount of interest accrued and remaining unpaid at the end of each accounting year	5.15	3.62
f) The amount of further interest remaining due and payable in the succeeding period, until such date when the interest dues above are actually paid to the small enterprise, for the purpose of disallowance of a deductible expenditure under section 23 of MSMED.	-	-

(This space has been intentionally left blank)

48. Events occurring after the year end

Pre- IPO Placement

- i. Subsequent to year end, pursuant to the resolutions passed vide its board meeting dated 04 April 2025 and 11 April 2025 and extraordinary general meeting dated 05 April 2025 and 12 April 2025, the company has issued aggregate of 3,375,527 equity shares by way of preferential allotment on private placement basis having face value of INR 1/- each, at a premium of Rs 236/- per share, aggregating to INR 800.00 million, pursuant to the provisions of Section 42, Section 62(1)(c) and other applicable provisions, if any, of the Companies Act 2013, read with the Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014, Rule 13 of the Companies (Share Capital and Debentures) Rules, 2014, and in accordance with the applicable provisions of the Foreign Exchange Management Act, 1999, as applicable, as amended from time to time, and in accordance with the Memorandum of Association and Articles of Association of the Company
- ii. Subsequent to year end, pursuant to the share purchase agreement dated 07 April 2025 and 11 April 2025, Commelina Limited (Investor) has transferred certain Equity Shares held by it in the company to certain entities on 09 April 2025 and 16 April 2025 aggregating to 7,487,005 equity shares, at INR 237/- per share.

49. Other statutory information

- a) The Company does not have any benami property and no proceedings have been initiated or pending against the Company for holding any benami property, under the Benami Transactions (Prohibitions) Act, 1988 (45 of 1988) and the rules made thereunder.
- b) The Company does not have any charge which is yet to be registered with ROC beyond the statutory year.
- c) The Company has not advanced or provided loan to or invested funds in any entities including foreign entities (Intermediaries) or to any other persons, with the understanding (i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or (ii) provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries
- d) The Company has not received any fund from any persons or entities, including foreign entities (Funding Party) with the understanding (whether recorded in writing or (i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or (ii) provide any guarantee, security or the like on behalf of the ultimate beneficiaries.
- e) The Company has not undertaken any transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).
- f) The Company has not traded or invested in crypto currency or virtual currency during the current and previous years.
- g) The Company has not been declared a 'Wilful Defaulter' by any bank or financial institution (as defined under the Companies Act, 2013) or consortium thereof; in accordance with the guidelines on wilful defaulter issued by the Reserve Bank of India.
- h) The Company has complied with the number of layers prescribed under clause (87) of section 2 of the Act read with Companies (Restriction on number of layers) Rules, 2017.
- i) The Company did not have any transactions with companies struck off under Section 248 of the Companies Act, 2013 or section 560 of Companies Act, 1956 during the current year.
- j) The Company has adopted cost model for its property, plant and equipment (including right-of-use assets) or intangible assets.
- k) The Company has not entered into any scheme of arrangement which has an accounting impact on current or previous years.

(This space has been intentionally left blank)

50. The Ministry of Corporate Affairs (MCA) has prescribed a requirement for companies under the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 inserted by the Companies (Accounts) Amendment Rules 2021 requiring companies which uses accounting software for maintaining its books of account, shall use only such accounting software which has a feature of recording audit trail of each and every transaction, creating an edit log of each change made in the books of account along with the date when such changes were made and ensuring that the audit trail cannot be disabled.

The Company uses accounting software and operation software (collectively referred to as 'Software') related to maintenance of books of account. Once the financial entries are posted in the Software, no changes are allowed to already posted transactions. Also, in case of cancellation/reversal of already posted entries, separate entries are created in the application. Additionally, the detailed log of events for master data changes are enabled at application level.

The audit trail feature at the database level to log direct data changes was enabled from 13 May 2024 for one accounting software used for maintenance of revenue and inventory records. The audit trail feature was not enabled at the database level for another accounting software used for maintenance of laboratory records, to log any direct data changes.

The Company has used accounting software for maintenance of books of account which is operated by a third-party software service provider. In the absence of any information on existence of audit trail (edit logs) for any direct changes made at the database level in the 'Independent Service Auditor's Assurance Report on the Description of Controls, their Design and Operating Effectiveness' ('Type 2 report' issued in accordance with ISAE 3402, Assurance Reports on Controls at a Service Organization), we are unable to demonstrate whether audit trail feature with respect to the database of the said software was enabled and operated throughout the year.

Further, the Company has used accounting software for maintenance of payroll records which is operated by a third-party software service provider. In the absence of any information on existence of audit trail (edit logs) for any direct changes made at the database level in the 'Independent Service Auditor's Assurance Report on the Description of Controls, their Design and Operating Effectiveness' ('Type 2 report' issued in accordance with ISAE 3000 (Revised), Assurance Engagements Other than Audits or Reviews of Historical Financial Information), we are unable to demonstrate whether audit trail feature with respect to the database of the said software was enabled and operated throughout the year.

The Company has advised the Enterprise Resource Planning (ERP) service provider to include the database of audit trail functionality in the next year's Type 2 report.

The notes to the standalone financial statement including material accounting policy information and other explanatory information are an integral part of these standalone financial statements.
